Comments

“ I am so saddened to hear this news ~ Phyllis although I always called her Dr. Cardinal was an absolutely wonderful woman... she was good inside and out. I remember when Amiskwacy Academy school started and she allowed me to play a role in the schools development and made me feel like I was a part of the schools progress and success. She taught me many things about the aboriginal community and I am a better person for having known her. Neva ~ you know how special your mom is and what a strong, determined and kind woman she was. I hope you find strength and comfort in knowing that. There is no way in the world we will ever know how many people your mom influenced and made a change and a difference in their lives but Creator will know and she will be blessed forever .I send prayers and hugs to all of you and I am so sorry and so sad for your loss. Gloria McKague.
